

RUBY LUGDUNUM

22-23 JUNE 2012

Meet Ruby international community in Lyon

We are proud to announce the **2nd Ruby Lugdunum conference**. Discover Ruby Lugdunum, aka RuLu, already well known recipe: best talks of the moment (in English 'n French), perpetual hacking and very good food (we are in the french capital of gastronomy).

You'll be joining speakers and others attendees in the auditorium and the famous first movie studio of the "Institut Lumière" in Lyon. Attendees will enjoy **8 talks during 2 days**, meet each others during lunch and regular break and enjoy our favorite DJ Set for a surprise party friday night.

Attendees are of multiple background (developers, business owners, VC) from France, European countries and the United States but always share the same passion for Ruby.

Be a sponsor, participate to the growing french Ruby event and help us preparing our application to Euroko 2013, the main annual European Ruby conference.
